

## OLD MILL SADDLERY FREE CLINIC

### BAREFOOT—BOOTED-or-SHOD

*find out all you need to know*

### **Barefoot in the Pasture, Protected on the Trail**

During this 45 minute presentation you will discover the 2 most important functions of the hoof, the compelling reasons for "Barefoot", including characteristics of proper hoof care, the role of hoof boots and the various options you have available. You will hear what the experts are now saying. You will gain an understanding of the 6 most importance requirements of your Barefoot horse.

President and Founder of Cavallo Horse & Rider Inc. Carole designed and developed the Cavallo range of Hoof Boots to meet the needs of the world wide hoof boot market. Carole shares a wealth of knowledge accumulated over extensive worldwide association with the industry experts coupled with comprehensive personal knowledge of the natural horse world. She presents her studies of hoof care, the barefoot movement and hoof boot development, highlighting various real life stories of riders and horses affected by this revolution over the past dynamic decade.
